LG CU Series : **CU720 CU920 (american versions)**

This are the initial models supported.  
We are working for complete with more models and features.  
(like NV Write, Network Repair, etc ...)

### Which is the prize of this activation ??

The prize of this activation is **109 euro**.  
After your PolarBox2 is activated, you can unlock all phones that you desire.

### How can I add this Activation to my PolarBox2 ??

Its very simple, you have **two ways**.

- 1.- Contact with your **local reseller** and request him
- 2.- Put in contact with us at [info@polarbox2.net](mailto:info@polarbox2.net) , we will give you instructions.

After this, you must generate one "String" that you must send to us for activate your PolarBox2 product.

### Instructions for generate String :

- 1 .- First of all, connect your PolarBox2 to your computer
- 2 .- Download this file from internet

[Http://www.polarbox2.net/serial2r.zip](http://www.polarbox2.net/serial2r.zip)

- 3 .- Execute it, and press "READ" with the PolarBox2 connected
- 5 .- Will be generated a string
- 4 .- Put in contact with any of our Polar Resellers and give him (he will manage it)

Any other question or info, not doubt in write us at this mails :

[info@polarbox2.net](mailto:info@polarbox2.net)  
[support@polarbox2.net](mailto:support@polarbox2.net)

With best regards,  
**PB2 Team**
